Mustang  
Consulting  
Group

Our founders wanted Mustang Consulting to serve as a catalyst for student growth. Mustang Consulting is a student-run consulting organization that builds future Cal Poly consultants by giving students the opportunity to solve actual business problems for real clients. Our aim is to provide our consultants with the unique experience of collaborating with a wide range of organizations while providing and maintaining high-quality work. As Cal Poly's official student run consulting group, MC delivers its clients insightful research and strategic recommendations for a multitude of industries ranging from enterprise software, non-profit, consumer products, professional services, and media. Our quarter long engagements are dedicated to delivering the greatest possible impact for the organization we partner with.
